

28J.16 Rentals or charges for use or services of facilities — agreements with governmental agencies.

1. a. A port authority may charge, alter, and collect rental fees or other charges for the use or services of any port authority facility and contract for the use or services of a facility, and fix the terms, conditions, rental fees, or other charges for the use or services.

b. If the services are furnished in the jurisdiction of the port authority by a utility company or a common carrier, the port authority's charges for the services shall not be less than the charges established for the same services furnished by a utility company or common carrier in the port authority jurisdiction.

c. The rental fees or other charges shall not be subject to supervision or regulation by any other authority, commission, board, bureau, or governmental agency of the state and the contract may provide for acquisition of all or any part of the port authority facility for such consideration payable over the period of the contract or otherwise as the port authority determines to be appropriate, but subject to the provisions of any resolution authorizing the issuance of port authority revenue bonds or any trust agreement securing the bonds.

d. A governmental agency that has power to construct, operate, and maintain a port authority facility may enter into a contract or lease with a port authority for the use or services of a port authority facility as may be agreed to by the port authority and the governmental agency.

2. a. A governmental agency may cooperate with the port authority in the acquisition or construction of a port authority facility and shall enter into such agreements with the port authority as may be appropriate, which shall provide for contributions by the parties in a proportion as may be agreed upon and other terms as may be mutually satisfactory to the parties including the authorization of the construction of the facility by one of the parties acting as agent for all of the parties and the ownership and control of the facility by the port authority to the extent necessary or appropriate.

b. A governmental agency may provide funds for the payment of any contribution required under such agreements by the levy of taxes or assessments if otherwise authorized by the laws governing the governmental agency in the construction of the type of port authority facility provided for in the agreements, and may pay the proceeds from the collection of the taxes or assessments; or the governmental agency may issue bonds or notes, if authorized by law, in anticipation of the collection of the taxes or assessments, and may pay the proceeds of the bonds or notes to the port authority pursuant to such agreements.

c. A governmental agency may provide the funds for the payment of a contribution by the appropriation of moneys or, if otherwise authorized by law, by the issuance of bonds or notes and may pay the appropriated moneys or the proceeds of the bonds or notes to the port authority pursuant to such agreements.

3. When the contribution of any governmental agency is to be made over a period of time from the proceeds of the collection of special assessments, the interest accrued and to accrue before the first installment of the assessments is collected, which is payable by the governmental agency on the contribution under the terms and provisions of the agreements, shall be treated as part of the cost of the improvement for which the assessments are levied, and that portion of the assessments that is collected in installments shall bear interest at the same rate as the governmental agency is obligated to pay on the contribution under the terms and provisions of the agreements and for the same period of time as the contribution is to be made under the agreements. If the assessment or any installment thereof is not paid when due, it shall bear interest until the payment thereof at the same rate as the contribution and the county auditor shall annually place on the tax list and duplicate the interest applicable to the assessment and the penalty thereon as otherwise authorized by law.

4. A governmental agency, pursuant to a favorable vote in an election regarding issuing bonds to provide funds to acquire, construct, or equip, or provide real estate and interests in real estate for a port authority facility, whether or not the governmental agency at the time of the election had the authority to pay the proceeds from the bonds or notes issued in anticipation of the bonds to the port authority as provided in [this section](#), may issue such bonds or notes in anticipation of the issuance of the bonds and pay the proceeds of the bonds or notes to the port authority in accordance with an agreement with the port

authority; provided, that the legislative authority of the governmental agency finds and determines that the port authority facility to be acquired or constructed in cooperation with the governmental agency will serve the same public purpose and meet substantially the same public need as the facility otherwise proposed to be acquired or constructed by the governmental agency with the proceeds of the bonds and notes.
